

Geschwender Reception Areas

Besides the merely functional processes of checking in and out, reception desks have the special task of greeting new visitors. The reception desk is an important feature for the first impression, so it should be inviting and give an honest impression to the customer. Attractive design and a high degree of functionality immediately give you the feeling of being in good hands.

Our materials and design have been proven and tested for many years in order to ensure that the correct appearance and a robust interior are easily achievable. Even exposure to high humidity areas such as in swimming pools or every day use in restaurant areas cannot weaken our counters' integrity.

Check in at a Geschwender counter and let the journey begin...

Leos Sports Club, Munich

Check in and find out

Come Back, Gelsenkirchen

Rectilinear design with HPL-Compact in cherry decor and a solid surface material worktop in Anthracite. Back wall panel in cherry decor with logo in aluminium decor.

Mapet, Herrenberg

Reception and bistro counter. Materials: cherry wood and aluminium decor, all surfaces are made of HPL Compact, the wooden fronts are illuminated from behind with coloured lights.

Swimming pool Sæby, Denmark

Plain swimming pool counter out of pale grey HPL Compact and aluminium, accentuation of the horizontal lines through shadow gaps.

Leos Sports Club, Munich

Futuristic desk in white HPL-Compact with frosted glass doors and handle-less drawers.

Swimming pool Køge, Denmark

Reception located inside a swimming pool. The existing structures are included in the new concept. Anthracite-coloured solid surface with glass panels which are illuminated from behind provide a contrast to the existing brick work. The staff area is completely behind glass to allow for climate control. Vertical sliding windows.

Leos Sports Club, Munich

Functional furniture to complement counter designs, made from solid surface material. Water bottle trolley for training areas and beverage dispenser at the bistro counter. Dispenser labels in engraved aluminium, inset into the solid surface material.
